Appendix III.

[Vide answer to unstarred question No. 621 asked by Sri M. Narayana Kurup at the meeting of the Legislative Assembly held on 25th February 1956, page 9 supra.]

1. *Extract of Rule* 4 (1).

4. *Assessment of grant.*—(1) No grant shall be calculated for any teacher in a school with an average total attendance of less than twenty pupils.

2. *Copy of Director's Proceedings Dis. No.* 3731/51, *dated 9th June* 1951.

In the case of an aided elementary school when the teacher quotient falls short of the number of teachers actually employed in a month, the juniormost of the teachers are excluded from the assessment of teaching grant for that month according to rule 4 (4) of the Rules for Aid. In his letter under reference the Divisional Inspector, Anantapur, has enquired whether such teachers excluded from assessment of grant should be paid by the managements according to the terms of their Teachers Service Register, even though no grant is paid by the Government on behalf of those teachers. Apart from the fact that it would be extremely hard for the teachers to have to work without pay, the managements have to share the full responsibility for the fall in attendance which leads to the exclusion of the teacher from the assessment of grant. The management should therefore be compelled to pay the teachers according to the terms of their Teachers Service Register even though grant is not paid on their behalf for certain months.

Appendix IV.

[Vide answer to unstarred question No. 630 asked by Sri V. R. Krishna Ayyar at the meeting of the Legislative Assembly held on 25th February 1956, page 13 supra.]

Dress regulations for the students of the Government Medical Colleges.

The Madras Medical College, Madras.—By convention, the men students of the Madras Medical College generally wear white trousers, white shirts (with turned collar) tucked inside the trousers, socks and shoes. Some students wear plain bush shirts with full or half sleeves. Those who are attending the dissection classes in the Anatomy Department are required to wear aprons. The Dean, Madras Medical College, proposes to regularize the practice referred to above and to issue instructions that the clothes should be of plain white material and that the students should provide themselves with aprons while working in the Surgical Wards also. No particular form of dress is prescribed for women students.
